Northeast Oral & Maxillofacial Surgery strives to provide our patients with the very best quality of care. Dr. Deighan and Dr. Grubb are board certified oral surgeons dedicated to their profession. We receive numerous referrals every day. It is our intention to contact each patient personally but the volume of referrals does not always allow for this. Please call our office at the numbers listed above if you have not heard from us within a few weeks of your dentist sending us your referral. We always look forward to hearing from you!

Additional information about our practice can be found on our website. Please visit us @ [www.northeastoralsurgeryme.com](http://www.northeastoralsurgeryme.com)

**\*\*We will be updating this site during July/August 2018. Look for some exciting new changes such as better accessibility with mobile devices and fillable electronically submitted pre-ops forms.**
